FRENCH INDIAN ASSERTS THAT ALLEGATIONS OF HUSBAND WITHOUT FOUNDATION

By JAMES R. KELLY

(Copyright, 1921, by the United Press)

MONTREAL, March 15.—Fred Beauvais, the French-Indian guide named in James A. Stillman's divorce suit, was found today by the United Press. He was located in a suburb of Montreal.

When I found him he was busily engaged in clipping the stories of the Stillman divorce case from the New York newspapers.

"It's a lie," he declared angrily, tossing the clippings on the floor.

He made a sweeping denial of all the charges alleged to have been brought by the multi-millionaire New York financier, connecting his name with the case.

"This matter has been in court behind closed doors since last November," Beauvais said emphatically, speaking without trace of accent. "It was made public at last so that Mr. Stillman's charges implicating me could be given the light and be refuted."

Doesn't Look Like Indian

Beauvais was very indignant at having been referred to in the newspapers as an Indian and a half-breed. He considers himself a French Canadian. Beauvais does not look like an Indian. He has polished manners and a smooth, courteous manner. He is well dressed, apparently has plenty of money and would not be out of place in any drawing room. He seemed to have been fully informed of all the details of the case.

"I don't want any publicity," he said. Then he added:

"Fred Beauvais, the guide, is dead."

He declared he was through with earning his living in that way.

Beauvais refused absolutely to mention Mrs. Stillman.

"She shouldn't be discussed," he said.

Forty New Members Initiated By Elks

Glendale E. P. O. E., No. 1289, under the direction of John Fanset, exalted ruler, initiated forty new members into that order at its regular meeting last night. There were a large number of members in attendance, including twenty-five or thirty visiting Elks from lodges throughout southern California. Special entertainment was furnished in the form of zither music furnished by three Swiss players. The Elks are going to give a St. Patrick's dance or Green dance Saturday night, March 19.

East Broadway League Opposed To Measure

At a meeting of the East Broadway Welfare association in the auditorium of the new Broadway grammar school building last night, a resolution was adopted which opposes a measure before the present California legislature that will give cities greater power to put through improvements apparently in opposition to the wish of the majority of property-holders concerned.

Elizabeth Leonard, 81 Years, Taken By Death

Mrs. Elizabeth Leonard, aged 81 years, passed away at the home of her daughter, Mrs. S. F. Bacon, 461 Myrtle street. Deceased had been a resident of Glendale about eighteen months, having come here from Canada. Besides the daughter she leaves three grandchildren, Beatrice, Randall and Douglas. Funeral services will be held from the parlors of the Jewel City Undertaking company Wednesday afternoon at 2 o'clock, interment at Forest Lawn cemetery.

Luncheon In Behalf Of Mrs. David Mears

A luncheon in honor of Mrs. David Mears, vice-president of the National Congress of Mothers, is to be given March 22 at 12 o'clock in the Rose room of the Men's City club, Eighth and Broadway, Los Angeles. Mrs. John Robert White, president of the Glendale Federation of Parent-Teacher associations, will take care of reservations of those who wish to go, if notified not later than March 19.

MAN AND TWO WOMEN HURT IN DIFFERENT ACCIDENTS IN CITY OF GLENDALE

Three persons were injured in motor car crashes in Glendale yesterday afternoon and evening. About five cars were sent to the repair shop and one wagonload of household goods was wrecked.

Jesus Silva, who was riding on the latter with Julio Orrego, was probably the most severely injured and he is at the Mission Rest Home hospital on San Fernando Road.

According to reports received by the police department J. W. Craig of Los Angeles attempted to pass the wagon at San Fernando Road and Broadway and collided with a truck driven by F. D. Shwalter of Taft. In the crash the wagon was bumped and Silva seriously hurt.

Both Injured on Knees

Miss Naomi Hall, who was accompanying H. L. Shillingham of the Earle C. Anthony, Motorcar company of Los Angeles, was injured when Hans Linne's car collided with that driven by Shillingham at the corner of Verdugo Road and Colquhoun boulevard late yesterday afternoon.

While Miss Hall received a bad gash on the left knee cap, Mr. Linne was similarly hurt on the right knee. Their injuries were dressed at the Glendale Sanitarium. Mr. Linne was blinded by the sun's rays, it was reported to the police, and the impact turned his car completely over.

Rev. C. M. Crist, who was driving west on Broadway yesterday, collided with a car driven by Mrs. F. F. Costello at Glendale avenue, according to the police records.

No one was injured although both machines were damaged.

UNITED STATES AND ENGLAND DIVIDE SEAS, REPORT

AMERICA TO POLICE PACIFIC AND BRITAIN ATLANTIC, IS GENERAL BELIEF

By ED L. KEEN
United Press Staff Correspondent

LONDON, March 15.—Great Britain and America have agreed to an amicable "division" of the seas, according to general belief here today. As a result of the agreement, it was believed Great Britain will police the Atlantic ocean, America the Pacific.

This impression was strengthened by two announcements from London and Washington on the same day.

From Washington came the statement that the Pacific fleet probably will assume more importance than the Atlantic.

From London came the announcement that Great Britain will reduce her naval budget by \$70,000,000, thereby abandoning any thought of competition with America's naval program.

There was a general belief here that friendly relations between the United States and Great Britain would be greatly strengthened if America goes through with its proposed program of concentrating naval power in the Pacific. There will then no longer be any question raised by the British as to "who is America building against."

Reports from Washington that America was considering putting its fleet in the Pacific were regarded here as indicating that the United States wants to impress Japan with its naval strength.

The presence of a big American fleet in the Pacific will probably influence Japan that war with America at the present time is not feasible, many experts believe.

America's fleet in the Pacific probably would take over the patrol work now done by the British navy in waters adjacent to its colonies there and thus considerably reduce the empire's expenses for the naval establishment.

TAKE TESTIMONY "HUTCH" CASE
LOS ANGELES, March 15.—Testimony in the trial of Everett A. (Big Hutch) Hutchins, accused of fleeing John B. Norris, Decatur, Ill., farmer, out of \$51,000 in an alleged fictitious stock deal, was to commence today before a jury in Superior Judge Willis' court. Norris was to be the first witness. Selection of a jury was completed last evening.

MISS NANCY ST. CLAIR CHOSEN PRESIDENT; TO PRACTICE ON CONVENTION SONGS

Monday night the Christian Endeavor society of the Tropico Presbyterian church met at the home of the president, Miss Phoebe Snell, 116 East Eulalia street.

Following the regular business meeting officers for the next year were elected, as follows: Nancy St. Clair, president; Sarah Faye Snell, vice-president; Margaret Richardson, chairman missionary committee; Georgia Thompson, chairman social committee; Helena Richardson, secretary; Walter Sullivan, lookout; Phoebe Snell, prayer meeting; Ruth Goldsborough, music.

After the election plans were made for the following members to attend the County convention which will be held at Whittier Friday, Saturday and Sunday of this week:

Norma Wallace, Helena Richardson, Dorothy Thompson, Georgia Thompson, Margaret Richardson, Janice Kelly, Carol Duncan, Reba Richardson, Ruth Goldsborough, Nancy St. Clair, Phoebe Snell, Harry Richardson.

Tonight the young people expect to practice with the Christian Endeavor society of the First Presbyterian church the songs to be sung at Whittier to boost the coming convention at Glendale and also to make miniature songbooks which will be used in an advertising campaign for this convention.

Glendale Guards To Drill On Thursday
The Fifth Separate company, "Glendale's Own" National Guards, will drill Thursday night at the Glendale Union High school gymnasium. A non-commissioned officers' school is called for 6 o'clock and all men who expect appointments are advised by Captain Thomas D. Watson, commanding the company, to be present.

Major M. P. Vestal will give instruction in sighting with the rifles and a thorough company drill will be the program for the evening.

Genevieve Berman Is Hostess On Birthday

Genevieve Berman, daughter of Mr. and Mrs. S. Berman of 110 East Palmer avenue, entertained ten of her little friends Saturday afternoon in celebration of her seventh birthday. The guests were Katherine Perry, Catherine Wemyss, Billy Retts, Ellen Retts, Edgar Wilde, Bobby Windrum, Gertrude Springer, Dorothy Gardner, Helen White, Annie Berman and the little hostess, Genevieve Berman. Spring flowers decorated the tables. Refreshments of ice-cream and birthday cake were served. Many gifts were received by the hostess.

Mrs. C. B. Guthrie Is Bridge Club Hostess

Mrs. C. B. Guthrie entertained the members of the Monday Bridge club yesterday at luncheon at the Casa Verdugo and at cards at her home, 314 Patterson avenue, in the afternoon. Those present were Mrs. D. H. Smith, Mrs. A. W. Beach, Mrs. Whaley, Mrs. Dawson of Pasadena, Mrs. Vera Hinchcliff, Mrs. C. O. Pulliam, Mrs. C. W. Gist, Mrs. W. E. Truitt, Mrs. A. L. Baird, Mrs. Sallie C. Braden, Mrs. Helen Campbell and the hostess, Mrs. Guthrie. High score was made by Mrs. Truitt.

Card Party In Behalf Of Schools Planned

The card party which was given a few weeks ago in the library building on South Brand boulevard for the benefit of the motion picture machine which is being purchased for the schools of the southern part of Glendale is to be repeated Thursday night, St. Patrick's day, March 17.

Sample Ballots On Civic Issues Mailed

Sample ballots on the municipal bond and charter issues to be voted upon at a special city election March 29 are being sent out this week by City Clerk J. C. Sherer. There are 7,200 voters in Glendale which makes it quite a task.

SOCIETY GIRL TO BE BRIDE

LOS ANGELES, March 15.—Miss Julia Condit Smith, 21-year-old Denver society girl, was to become the bride here this afternoon of William F. Cornett, 24, divorced husband of Mollie Malone, film star.

HOLY FAMILY CHURCH FILES APPLICATION; FOUR STORE BROADWAY STRUCTURE

With the plans for the new Holy Family Catholic church in the hands of the building inspector for the issuance of a \$53,000 permit, the total tonight for March will be well on its way toward the quarter million mark for March. At noon there were \$519,049 in permits issued this year and \$177,588 during March.

Among the bigger permits taken out the first of the week is one for \$10,000 by William Hildley, who will erect a four-story building on the southwest corner of Broadway and Orange street where the Horseshoe club is now located. Ground will be broken at once.

Permits for Building

B. D. Jackson, 4 rooms, 710 East Elk avenue	1,978
Amy Cust, garage and screen porch, 1293 South Boynton	350
L. Anderson, garage, 415 Myrtle street	200

One Mystery Solved; Where Sailors Retain Valuables Now Known

Sailors are known for their ingenuity.

And many a wonder where they carried valuable papers and money.

Certainly, no pockets in their blouses are big enough to carry more than the "makins."

So today the mystery was solved by Aviation Mechanic J. Gordon Seabolt and Aviation Quartermaster G. W. Barnes of the North Island naval air station at San Diego.

Digging into their socks they brought forth a wad of bills to pay for a little purchase and there, too, were their furlough papers and other valuables.

The sailors are visiting with the Rubenfeld family at the S. Blatt home, 222 North Verdugo Road this week.

If You Hear Loud Cry

If you hear some one holler "Hooray" tonight, it won't be a celebration.

It will simply be Attorney J. F. McBryde or any one of the numerous others who have been aiding in making out income tax reports give way to their joy over the fact that the books close tonight.

There is a large rush at the council chamber of the city hall where Deputy Internal Revenue Collector George W. Heidt is holding forth until the last moment of grace.

Mrs. Alfred Cookman Committee Hostess

Mrs. Alfred Cookman entertained the executive committee of the Los Angeles Audubon society at an afternoon tea at her home, 138 South Pacific avenue, yesterday. The committee of women from Los Angeles presented Professor and Mrs. Alfred Cookman with a beautiful leather-bound gift book. Mrs. F. T. Bicknell is the president of the organization; Mrs. C. H. Hall, chairman of Birds and Nature Study; Mrs. F. Crain, corresponding secretary; Mrs. R. Fargo, chairman program committee.

STILLMAN CASE ADJOURNED
WHITE PLAINS, N. Y., March 15.—Supreme Justice Morschauser today granted an indefinite adjournment of the hearing on Mrs. "Fifi" Potter Stillman's motion for additional alimony and counsel fees, pending trial of the divorce suit brought by James A. Stillman, president of the National City Bank.

SOCIETY GIRL TO BE BRIDE

URGE I. T. MANN BE MADE AMBASSADOR TO SPAIN
WASHINGTON, March 15.—The West Virginia delegation in congress today urged President Harding to make I. T. Mann, West Virginia coal man, ambassador to Spain. After seeing Harding, members of the delegation indicated their belief that the appointment would be made.

PRESIDENT HARDING AND CABINET HOLD CONFERENCE
WASHINGTON, March 15.—Plans to "return to normalcy" occupied most of the attention of President Harding and his cabinet today. Creation of a war liquidation commission to clear up the aftermath of the war, leaving government heads free to pursue work on peace time problems, was proposed and seriously considered.

REPORT IS MADE ON AMOUNT OF COTTON CONSUMED
WASHINGTON, March 15.—Cotton consumed during February totaled 395,563 bales as compared with 515,699 bales during February, 1920, the census bureau announced today. Of this, 248,023 bales was consumed in cotton growing states as compared with 291,481 bales last February.

R. W. BLISS THIRD ASSISTANT SECRETARY OF STATE
WASHINGTON, March 15.—Roberts Woods Bliss of New York has been named third assistant secretary of state. Bliss has spent a number of years in the American diplomatic service and at present is head of the division of western European affairs in the state department. The nomination of Bliss was sent to the senate today by President Harding and Bliss was immediately confirmed.

SAYS MAJORITY OF RAILROADS OPPOSE ABROGATION
CHICAGO, March 15.—A majority of the railroads of America oppose abrogation of the national agreements, in the opinion of Bert M. Jewell, rail union leader. In statements by Jewell and Frank P. Walsh, attorney representing the unions, today, it was disclosed an effort to prove this will be made before the United States railroad labor board Friday. Railroad executives will appear before the board at that time to be questioned by union attorneys.

PACKING DISPUTE IS PUT UP TO PRESIDENT HARDING

WASHINGTON, March 15.—The wage dispute of the packers with their employees was put up to President Harding today. Secretary of Labor Davis, an hour before the cabinet meeting, called at the White House with a portfolio of papers bearing on the case and went into Harding's office. The matter was expected to be discussed at the cabinet meeting, which last week decided to make the offer of government mediation. Davis and Harding agreed that a commission composed of Davis, Secretary of Commerce Hoover and Secretary of Agriculture Wallace, would sit as a mediation commission to hear both sides of the dispute. The packers agreed to this form of mediation, Davis said, and he is now waiting upon the employees, who are conducting a referendum.

LEGION AND LOCAL FIRST LEAGUE GAME OF BASEBALL IS SET MARCH 18

ATHLETIC CONTENTS WILL BE ONE OF FEATURES GIVEN ON PROGRAM APRIL 14

A joint athletic meet between members of Glendale post, No. 127, American Legion, and the Fifth Separate company, National Guards, is being planned for the evening of April 14 by Captain Thomas D. Watson of the guardsmen and Commander E. O. Kiefer of the Legionnaires.

The tournament will follow a drill by the guards to which the general public will be invited. Among the features of the program will be a basketball game between the two organizations, several boxing bouts and a couple of wrestling matches.

As a special inducement to get a good crowd out, a "chow" party will conclude the evening's entertainment. Considerable interest in athletics is being exhibited in both organizations and it is expected that a real "show" will be staged.

Mrs. M. S. Kuelmy of 368 West Doran street had as her Sunday guests her mother and brother, Mrs. Marion Skidmore and Stephen E. Skidmore of Uplands, California.

Mr. and Mrs. Oscar Stees of 240 South Glendale avenue spent the week-end with Mrs. Stees' brother-in-law and sister, Mr. and Mrs. H. C. Mellon of Pasadena.

CLARA HAMON CASE BREAKS IN RIOT AT ALLEGATION

CHARGES THAT FAMILY LIVED ON GIRL'S SHAME CAUSE OF BIG SENSATION

By CARL VICTOR LITTLE
United Press Staff Correspondent
COURT HOUSE, ARDMORE, Okla., March 15.—Charges that Clara's mother and family lived on her daughter's shame temporarily broke up the Hamon murder trial today.

This came when Prosecutor Brown jumped to his feet and shouted: "We can show that the whole Smith family lived on the Hamon estate."

"Wild Bill" McLean jumped to his feet and yelled: "This girl's mother is as good as any who ever gave birth to any lawyer in this case."

It seemed as though everyone in the court clapped and shouted approval of his answer.

The judge ordered the court cleared.

Mrs. Jake Hamon at the mention of the word mother broke down and was led out by her son, Jake, Jr.

Clara burst into tears and was led out by Jimmy, her brother, and pal. Women sobbed as they left the room. The whole court was in a panic.

"Must Leave Mother Alone"
Clara, outside, sobbed "They can do anything they want to with me, but they must leave my dear old mother alone."

Prosecutor Brown accused "Wild Bill" McLean of causing the uproar. "Wild Bill" cast a counter accusation.

Order finally was restored, but the seats were still full.

Prince Freeling, when things were quiet, moved for an adjournment for thirty minutes.

"Wild Bill" told the court: "A remark was made and I am not sorry a bit for doing it—I had to speak. If the counsel for the state resent—"

Here Is Idea That Glendale Might Use

"Casa de Correos"—that's the special stamp which has been appearing on Dr. Henry R. Harrower's mail received from Ecuador.

He wondered why, so yesterday when Mr. and Mrs. Ellis P. Howard, the latter being Mrs. Harrower's sister, arrived from Ecuador to visit here for an indefinite period, the reason was learned.

When they want to build a post-office building in that country, the citizens of the community affix the surcharge stamp on their letters until a sufficient fund has been raised to put up the structure.

Dr. Harrower suggests that Glendale might use this idea.

Mr. and Mrs. Ellis come here on account of the latter's health, the climate in the South American country not being altogether desirable during the summer months.

Mrs. Emma Franklin Is Guest Of Honor

Frank Marshall, 1019 Florence Place, entertained with a farewell dancing party last night in honor of Mrs. Emma Franklin. Decorations of roses and carnations were used. Those who enjoyed this evening of dancing were Mrs. Emma Franklin, Miss Ethel Stark, Miss Norah Hamlin, Miss Thelma Foster, Mrs. Agnes Stark, Mr. and Mrs. Roy Myers, Mr. and Mrs. Cecil Rider, Mr. and Mrs. Winifred Parker, Mr. and Mrs. Vincent Brown, Reay Marshall, Willard Stark, Winifred L. Baker, Al Nentwig, Frank Marshall and Master Ray Parker.

City Manager Will Talk Before Students

City Manager T. W. Watson this afternoon appears before the four civic classes of the Glendale union high school to address the students on "City Government." He will use several charts to illustrate his talk which will give the youngsters a larger insight into city affairs than the corner policeman would indicate.

SEARCH FOR AUTO BANDITS

LOS ANGELES, March 15.—Two squads of detectives armed with shot-guns were touring the city streets today in search of eight automobile bandits who robbed two drug stores last night and shot and probably fatally wounded George H. Skinner. Skinner, a drug store proprietor, was shot twice when he attempted to fight the robbers. The same band robbed the Ridgeway Drug company of \$100.

Bargain Prices For Quality Goods Given

In the combination of Sebastian
Grocery No. 2 and the Little Pre-
mium Market No. 2 at the corner of
Central avenue and Stocker streets,
Casa Verdugo, R. M. Sebastian states
that people of that vicinity now have
the privilege of down-town bargain
prices for quality goods. As each
buys for two establishments they are
able to command quality at quantity
rates.

Albert Vack Opens Office In Glendale

Albert Vack, chiropractor, will
open offices March 15 at Broadway
and Maryland avenue, office No. 5.
Mr. Vack is a graduate of the Elec-
tric college of Los Angeles and is a
member of the California State As-
sociation of Chiropractors and the
Universal Chiropractors' association.
He formerly had an office in Los
Angeles, where he practiced for some
time.

The annual cost of road main-
tenance in New York state, which in-
cludes merely the lighter repairs, ag-
gregates about \$3,500,000.

Locals And Personals

Rev. and Mrs. M. M. Eshelman of
1247 South Maryland avenue spent
the fore part of the week in Pomona.

Mr. and Mrs. L. G. Sherman of 316
West Lexington Drive attended the
Anna Case concert in Los Angeles
Saturday night.

The Nimble Finger Club, Daugh-
ters of Veterans, will meet at 7:30
this evening at the home of Mrs. E.
S. McKee, 130 West Chestnut street.

Mrs. H. Quinn of Galva, Illinois,
who has been spending the winter in
Long Beach, was the week-end guest
of Mr. and Mrs. W. H. Nicholson of
1215 East Wilson avenue.

Mrs. D. L. Gregg of 240 North
Central avenue will be hostess all day
tomorrow to the ladies of Glendale
who are willing to lend a hand and
help sew for the Red Cross.

Mr. and Mrs. Samuel Donichy of
Chicago, who are visiting Mr. and
Mrs. O. L. Pappineau of 359 Ivy
street, are taking the trip to Catalina
Island today.

Mrs. E. L. Rawn and son, Lieut.
Walter H. Rawn, were visitors Sun-
day at the home of Mrs. Rawn's sis-
ter, Mrs. F. W. Miller, of the Casa
Verdugo Sweet Shop.

Mr. and Mrs. John Squires and
Mrs. Reynolds of Long Beach were
visitors at the home of Mrs. Arthur
Sherman, 516 South Central avenue,
and Mrs. H. R. Gibbs, 137 South Cen-
tral avenue, yesterday.

Word has been received from Af-
rica that another son has been born
to Dr. and Mrs. Ernest Pearson. Mrs.
Pearson was formerly Miss Evelyn
Utter, eldest daughter of Rev. J. W.
Utter, a resident of this city.

The Glee club of the California In-
stitute of Technology at Pasadena, of
which Hugh Freeman and Lawrence
Chandler are members, is planning to
give a concert April 9 at the First
Methodist church under the auspices
of the men's bible class.

Mrs. Charles P. Brice of 304 North
Kenwood street entertained at dinner
last evening in honor of Miss Marion
Addison. Other guests present were
Miss Sue Thomas, Mr. and Mrs. Clark
T. Christy, Miss Leone Brice and
Charles Brice.

Mrs. L. B. Rambau of 122 West
Lomita avenue is happy to have
spending some time with her now
her daughter, Miss Marjorie Ram-
beau, who is playing an engagement
at one of the leading theatres in Los
Angeles.

Mr. and Mrs. Thomas Hall of Los
Angeles and Mrs. Burke of Albu-
querque were the Sunday dinner
guests of Mr. and Mrs. Frank Booth
of 318-A East Broadway. Mrs. A. D.
Curtis of Van Nuys was the over-
night guest of the Booths on Wed-
nesday.

Mr. and Mrs. D. E. Reed and
daughter, Miss Esther Reed of 331
Myrtle street motored to Ontario
Saturday, where they were the guests
of friends at luncheon. They then
motored to Riverside, remaining
there until Sunday afternoon when
they returned to Glendale.

Miss Moreno of Hotel Gray was
visiting the battleships Idaho, Okla-
homa, Wyoming and Texas at San
Pedro over the week-end. She
brought home several beautiful sou-
venirs the sailors got in Panama
where they were delighted with the
climate, but they like California bet-
ter, she says.

Peter J. Van Vrankin of Chicago,
who represents Keith Brothers' Hat
manufacture on the Pacific coast,
was the dinner guest of Mr. and Mrs.
Archie Parker at 133 North Louise
street last night, after which they at-
tended the Palace Grand theatre
where "A Connecticut Yankee in
King Arthur's Court" is showing.

Mr. and Mrs. J. D. Hall of 134
North Belmont street entertained
with a family reunion Sunday after-
noon. The occasion was in honor of
the birthday of Mr. Hall's mother,
Mrs. Viola Hall, and of her marriage
to his sister Martha to Dr. William
Perceval in Los Angeles last Wednes-
day. Only relatives were present.
The afternoon was spent in conversa-
tion and music. In the evening a de-
licious dinner was served.

Mr. and Mrs. R. F. Kitterman of
311 North Kenwood street enter-
tained as their Sunday evening din-
ner guests Mr. and Mrs. W. H. Way
of 433 North Louise street, who are
spending the winter in California
from Omaha, Nebraska. Mr. and
Mrs. Way intend to return to Omaha
within a few weeks and are thinking
seriously of selling out there and
coming to California to remain per-
manently.

Miss Isabel Spear entertained with
a party Saturday afternoon at the
home of her parents, Mr. and Mrs.
J. M. Spear of 124 North Belmont
street in celebration of her eight-
eenth birthday. Decorations of
spring flowers were used. The
afternoon was spent in games and
music, at the close of which dainty
refreshments were served. The in-
vited guests were Martha Eilers,
Louise Holt, Helen Engle, Mildred
Elliott, Olive Rapp, Stella Bellue,
Margaret West, Edith Addison, Zoe
Thomson, Mildred Thomson, Phyllis
Baker, Marion Clark, Gertrude Hie-
derman, Mary Simpson, Inez Harri-
son, Jessie Gaskin and Margaret
Ford of Hollywood.

Two Deaths From Storm

Two deaths resulted from the re-
cent rain. Philip Jonnet, a fisher-
man, fell into the sea with his house
at San Pedro. H. R. Seale, a watch-
man at Anaheim Sugar factory, tou-
ched a wet electric switch and was
instantly killed.

Golden Jubilee Comes

Father Jerome S. Ricard, famous
Santa Clara weather observer, known
as the "Padre of Rains," will cele-
brate his golden jubilee in the Ro-
man Catholic priesthood. In June,
1871, he entered the Jesuit novitiate
at Monaco where he remained until
he came to California the following
year.

Take Part in Benefit

Frederick Warde, Charles Wake-
field Cadman, Carrie Jacobs Bond
and Mrs. Gertrude Ross were among
the celebrities appearing at a Pa-
sadena Mink Fund benefit performance
last night.

Human Eel Gets Away

Don Clauser, who is known as the
"human eel" in police circles, has es-
caped from the Whittier reform
school at the age of 15 and the au-
thorities are expecting an epidemic
of motorcar thefts. He left the in-
stitution in the superintendent's ma-
chine.

Want P. E. Speed Limit

Venice wants a speed limit on the
Pacific Electric railway. Verily, the
city duds there want Santa Monica
bound trains to slow down to fifteen
miles an hour that tourists can see
Venice while en route to Ocean Park
or Santa Monica, it would seem.

Public Speaking Classes

The University of California Ex-
tension division at Los Angeles an-
nounces classes in public speaking,
French, Spanish and commercial cor-
respondence. L. F. D. Briois will
conduct French classes in Room 619
Union League Building; H. J. Ston-
ier, public speaking classes in room
825, Pacific Finance Building; Fred-
erick Beckman, classes in Spanish at
the Hollywood Women's Club and in
room 421 Baker-Detwiler Building;
and F. J. Armstrong, in commercial
correspondence in room 610, Union
League Building.

Largest Made in L. A.

A 3800-horsepower engine, the
largest ever made in Los Angeles and
the product of the Llewellyn Iron
Works, will be tested for inspection
of the Los Angeles Chapter of the
American Association of Engineers
on Friday.

Business Is Booming

Business has resumed in earnest
during the last three days, accord-
ing to Julius Kruttschnitt, chairman
of the Southern Pacific's board of di-
rectors. Freight is moving in larger
quantities, he adds, which is a good
barometer as to prosperous business.

Storm Menaces Them

While attempting to reach Pasa-
dena from Sierra Madre Sunday dur-
ing the rainstorm, Laird L. Haney
and his mother, Mrs. E. L. Haney,
nearly lost their lives in the Eaton
canyon wash which tossed their mo-
torcar about.

GEM OF HUMOR IS SHOWN ON SCREEN

MARK TWAIN STORY GIVEN AT
PALACE GRAND THEATRE FOR
LAST TIME TONIGHT

To miss Mark Twain's "A Con-
necticut Yankee in King Arthur's
Court," the Fox special production at
the Palace Grand theatre, is as seri-
ous a loss as to miss reading the
book. Regarded as Mark Twain's
masterpiece, this gem of humor is
immensely popular in all parts of
the world. The film ends its run
tonight.

Known to the multitudes of Mark
Twain lovers as "The Yankee," this
story is regarded not only as a great
classic of American humor, but also
as a forceful satire directed against
those who sigh for the "good old
times." Mark Twain set out to show
that the world we live in is the best
of all possible worlds, and the time
we live in is the best of all possible
times.

This he did by taking a typical
young American, bright as a new
penny, filled with smart, up-to-date
ideas, and setting him down in a
medieval court, where he could judge
for himself whether the knights of
old were more courageous than the
men of today, and whether life as a
whole was more comfortable than
now.

Booster Songs Will Be Practiced Tonight

Tonight the young people of Glen-
dale, who are interested in the com-
ing state convention of the Christian
Endeavor here, will meet at the Pres-
byterian church to practice booster
songs which they will sing at the
county convention at Whittier.

Everyone attending tonight is
asked by the publicity committee to
take a pair of scissors with which
they can cut out the little sombrero
tags which will be given to every per-
son at Whittier, some 2000 or 3000
in all.

In the California Endeavor, a re-
cent issue just received in Glendale,
more booster songs are being printed
and from every church in the state
the "Glen-dale, Glen-dale" choruses
are being heard.

Sisterhood Class Of Church Has Session

The Sisterhood class of the First
Methodist Episcopal church held its
monthly meeting in the church par-
lors Thursday afternoon. Hostesses
for the occasion were Mrs. A. P. Tor-
rey, Mrs. E. Krochmer, Mrs. Z. T.
Boicourt and Mrs. C. H. Hallett.

Over thirty of the class members
were present, the special guests be-
ing Dr. and Mrs. C. M. Crist. After
a devotional and business session
games were played and two musical
numbers were given by the class
quartet. One of the songs was an
original composition written by one
of the singers. Refreshments were
served at the close of the meeting.

Quality Grocery To Have New Equipment

The Quality Grocery and Market
at the southeast corner of Brand
boulevard and Wilson avenue, is un-
dergoing a complete remodeling with
the accompanying installation of new
refrigerating equipment for the meat
market of which E. S. McKee is the
owner and manager.

Archie Parker, one of the proprie-
tors of the grocery department,
states that the shelves will be redone
and new counters installed to make
the place one of the most modern
groceries and markets in town. More
than \$3500 will be spent in the re-
frigerating system alone.

PROGRAM OF MUSIC APPRECIATED BY BIG AUDIENCE

JUBILEE SINGERS APPEAR AT
FIRST METHODIST CHURCH
FOR LEAGUE BENEFIT

That the Glendale people appreci-
ate an evening of music was plainly
evident last night. When the South-
ern Jubilee Singers opened their con-
cert at 8:15 o'clock practically every
seat in the main body of the auditor-
ium of the First Methodist Episcopal
church was filled. The program con-
sisted of tenor, basso, soprano and
alto solos, several numbers by the
quartette, also piano solos, violin
solos and recitations. Each and
every number was heartily appreci-
ated and encored, not only once but
several times and three times. Special
mention would be difficult as the en-
tire program was good. The com-
pany were from Los Angeles and are
as follows:

Basso and reciter, T. Q. Johnson.
Tenor, violinist, A. R. Trent.
Soprano, Nelle Johnson.
Alto, Neoma Pharr.
Accompanist, S. S. R. S. Stewart.
A liberal offering was made for
the singers.

Dr. Crist touched a responsive
chord in a brief address by saying
that so beautiful and commodious
edifice should be used more often for
similar entertainments. The Ep-
worth League, under whose auspices
the concert was held, is to be con-
gratulated upon the success of the
evening.

Says Iowa Is Dull; Plans To Visit Here

Herbert Parker, son of Mr. and
Mrs. Archie Parker, 133 North Lou-
ise street, prominent in Iowa amuse-
ment circles, is coming to Glendale
June 1 for an extended visit with his
parents. For twenty years he has
been interested in theatrical ventures
and pleasure parks in the vicinity of
Waterloo and for the first time in
his experience he is leaving his en-
terprises due to dull business condi-
tions.

The park between Waterloo and
Cedar Rapids which he has opened
annually on May 1 will stay closed
unless the traction company oper-
ates it. His three tented theatres
will not go on the road this year and
his Waterloo playhouse will be left
in other hands.

This is due, according to letters
received by his father, to the fact
that farmers are "flat," the deflation
in prices having hit them the hard-
est. He says it will take Iowa a year
to return to normal and that the
people in the rural districts are mak-
ing up their losses by spending as
little as they can.

Forum Luncheon To Be Given Thursday

The regular weekly Forum lunch-
eon of the Glendale Chamber of Com-
merce will be held Thursday noons
hereafter at the Masonic Temple with
the exception of the one dinner at
night each month. The speaker this
week will be Walter C. Fisher, a Los
Angeles and Burbank attorney, who
will speak on the subject of "An In-
dividual's Responsibility to His Com-
munity."

Bogus Charity Seekers Invade City, Declared

NEW YORK—A warning against
bogus seekers of charity was issued
by Commissioner of Charities Bird S.
Coler, who was one of several speak-
ers at a luncheon of the Downtown
league. He said:

"These irresponsible and illegiti-
mate charity seekers frequent the
downtown offices and restaurants.
For the past two years they have
been sapping the life of responsible
charitable institutions, such as or-
phan asylums and the like. These
fakers in the role of professional
sociologists must be put out of the
way."

Oregon Farmer's Wife Escapes Turk Captors

BEND, Ore.—Mrs. P. C. Burt, wife
of a Deschutes county rancher, cap-
tured earlier in the winter by Turk-
ish nationalists and held for ransom,
is now safe in Constantinople with
her sister, Miss A. G. Anthony, ac-
cording to word received by her hus-
band here.

Mrs. Burt and Miss Anthony are
both Armenian relief workers and
were among the first American wom-
en to sail for the near east following
the close of the world war.

C. M. Walton of 1030 Dryden
street yesterday set a 1200-egg incu-
bator. He is one of the pioneer
poultrymen of Glendale.

William P. Walsh of the United
States secret service, who served as
bodyguard for five different presi-
dents and is now connected with the
Los Angeles offices of the division
of the Treasury Department, was a
visitor in Glendale yesterday.

TROPICO POTTERIES FACTS AND FIGURES PLANS INCREASE OF BUSINESS GIVEN TO PROVE CITY'S CLAIM

IMPORTANT INDUSTRIAL PLANT
IN SOUTH GLENDALE WILL
ENLARGE ITS SCOPE

An industrial change in South Glendale of importance is the announcement that the Tropico Potteries, Inc., has taken over the properties of the Pacific Minerals and Chemical company on Los Feliz road at the Southern Pacific tracks.

The company is being reorganized and refitted with the idea of immediately increasing the business, the production to serve a rapidly growing demand for pipe, tile and clay products in the west, which is centering in this section.

Among the improvements noted today at the plant are two new dormitory buildings which have just been completed, and new office buildings are about to be erected, while improvements in the equipment are under consideration.

The physical property of the Tropico Potteries, Inc., consists of thirty-seven acres near the south city limits of Glendale, of which approximately five acres are under roof; also 140 acres of clay beds at Elsinore, about seventy-five miles southeast of Los Angeles, on the Santa Fe railroad; 120 acres of clay in the Temescal canyon, a few miles from Corona, and large talcum deposits just across the Nevada line.

Plant Is Large One
The industrial plant of the Tropico Potteries, Inc., consists of twenty-one kilns, with the necessary complement of clay houses, grinders, mixers, molding and drying rooms and storage, office and designing quarters for the engineering and clerical staffs. The kiln capacity with the present equipment is 1100 tons of finished product monthly and the plant is working to full capacity.

Until the present time the production has been confined to vitrified sewer pipe of all diameters, to architectural terra cotta and ornamental faience tiles, but under the reorganization plans additions to these lines are contemplated, as well as increased production in the established commodities.

The Tropico Potteries, Inc., took over the properties of the Pacific Minerals and Chemical company on January 1, 1921, and immediately took steps to secure a managerial personnel that would be able to cope with the greatly increased market and carry out the development projects of the financiers behind the reorganization.

Noted People Consulted

Among eminent ceramists consulted were Prof. Alfred S. Watts, director of the department of ceramic engineering of the Ohio State university at Columbus, and Prof. A. V. Reininger, in charge of the United States bureau of standards at Pittsburgh, and chief ceramist of the Homer Laughlin China company at East Liverpool, Ohio. Both these experts declared that if the local company could secure the services of F. B. Ortman, general manager of the Northwestern Terra Cotta company of Chicago, they could do no better, and the active services and financial participation of that gentleman were forthwith enlisted.

F. B. Ortman began active service with the Tropico Potteries, Inc., last week in the capacity of vice president and general manager, after having carefully looked into the past history, present practice and future prospects. He has brought his family, bought a home and laid out a development course for the company, calculated to make it second to none in the United States for volume and quality of vitrified clay products. While still a young man, he was for several years general manager of the New York Architectural Terra Cotta company, prior to his three years as chief ceramic engineer of the Northwestern company, from which he was drafted for service with the local company.

In Excellent Condition

Mr. Ortman declares he found the local plant in excellent physical condition and well organized in all branches. His attention will be concentrated for some time on a thorough modernization, looking to increased efficiency and production. While perhaps not immediately among the first additions will be a Kirk continuous tunnel kiln to supplement the twenty-one kilns already operating and a modern "humidity dryer" to supplement this addition. The quality of the product he found equal to any and this will be maintained, where it cannot be enhanced.

The Tropico Potteries, Inc., are going abroad for business and are penetrating the east with Los Angeles building materials, at present being engaged in the construction of Co-chise hall, a men's dormitory for the University of Arizona, at Tucson, and of the State National bank at El Paso.

Many Pleasing Designs

The beautiful ecclesiastical designs in terra cotta for the Wilshire Presbyterian church are from this pottery and numerous examples of their product are evident in such architecture as the Merchants' National bank, the Robinson store, the Corporation building, the new Ross Campbell building, the Arnold garage and

AID TO GLENDALE GROWTH,
SAYS IDA M. TARRELL

Ida M. Tarrell, 342 North Kenwood, gives facts and figures to prove Glendale is prosperous. She writes:

A town without a newspaper has been likened to a circus without a band, and one of the main causes of Glendale's rapid growth is undoubtedly due to the work of good, local papers—especially The Glendale Evening News, which is a constant booster for the home town, and a far-reaching cause in effecting the city's development and prosperity. A stranger's first impression of Glendale is pleasing and further investigation makes the impression positive. A thirty-minute ride from the heart of Los Angeles, with a valley and mountain view, brings one to Glendale. Entering the city, the outstanding features are beauty, cleanliness and roominess. The town is well surrounded by mountains, insure coolness in summer and warmth in winter. One resident exhibits a morning glory vine four years old; another tells you that medium weight covering is required on one's bed the year 'round.

In 1910, the population of Glendale was 2,742; in 1920, 13,356; in 1921, 15,657—an increase of 393 per cent.

Total building permits for 1919, were \$587,015; for 1920, \$3,136,664, while since January this year permits have reached the half million mark.

The prosperity of Glendale is due to continued advertising of the right sort, climatic conditions, and a wholesome social and civic atmosphere which allows the individual freedom of thought and pursuit of happiness. Come to Glendale!

**Gladys Walton, Star
Of Feature Picture,
At Glendale Theatre**

"Rich Girl, Poor Girl," the Universal photoplay in which Gladys Walton is starred, will hold the screen at the Glendale Theatre today and tomorrow. It is a ninety-thrill-power drama of unending struggle between riches and poverty. Miss Walton appears in person after the showing of the feature tonight.

The star plays a dual role in which she characterizes a child of the slums and an heiress to millions. In the story the two girls, who look exactly alike, change identities. The rich girl goes to the slums and the poor little waif of the gutter arrays herself in fine clothes and goes to the palace.

According to an agreement between the girls the deception is to last for an hour but a strange fate overtakes the rich girl in the sordid poverty-belt of the great city in which they live and alters the course of two lives.

In bringing the story to its climax, Harry Harris, the director, packs the concluding scenes with furiously fast action, and shows, flash by flash, one of the most terrific gang fights ever staged.

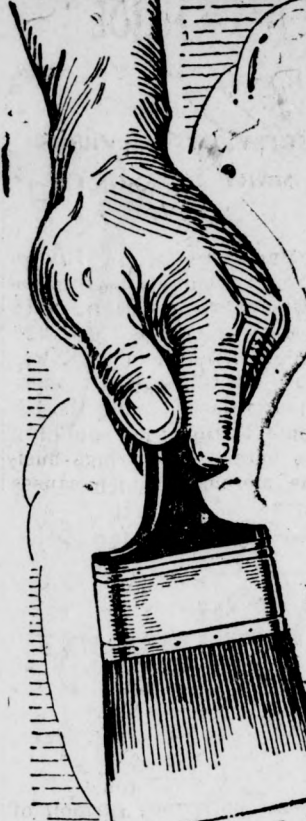

The story of "Rich Girl, Poor Girl" was written for Mary Pickford by J. C. Hawks and was purchased by Universal when Miss Pickford went to Europe, altering her production schedule.

A scenic, "Riches Come High," a Rolin comedy, and the Pathe Review complete the film program. "Pal of My Dreams" with special art titles is the featured organ number by Madame Clement.

automobile stores, the Stowell hotel and other modern structures of Los Angeles. All the miles of sewer pipe for the marine base at San Diego and for Camp Kearny also were the product of the Tropico Potteries.

The reorganized and refitted company is officered by B. M. Wotkins, president; Fred B. Ortman, vice president and general manager, and E. M. Davis, secretary-treasurer. General offices are maintained at the plant, with Los Angeles offices in the Security building. Practically all of the employees of the plant live in Glendale and add to this city's prosperity.

PROGRAM OF PLENTY IS OUTLINED FOR TOURISTS HERE

POSSIBLE TO SPEND 100 DAYS
SIGHTSEEING IN RADIUS OF
TWENTY-FIVE MILES

That it is possible to spend 100 bright, sunny days in sightseeing largely within a radius of twenty-five miles from Los Angeles is a fact which has been established in detail by General Passenger Agent McGinnis of the Southern Pacific, who undertook to prove the point when he heard tourists remark that they believed that they could spend three months in the south and see something new every day.

Mr. McGinnis has taken the proposition up in group form and has submitted some of the possibilities as follows:

Getting acquainted with the downtown district, playing golf, trip to the Ambassador and to the residence districts, seeing Hollywood, trip to Pasadena and points near by, ball game or matinee, church or motoring, visiting the Plaza section and Chinatown, behind the scenes at a cinema studio and golf at Griffith park.

Trips to Beach Points

Another group provides for trips to beach cities; San Fernando Valley and aqueduct, Long Beach for bathing, Sunday sightseeing there, shopping here, Spanish luncheon and "Mission Play" at San Gabriel, golf, Los Angeles Harbor, trolley trips to sea and mountains and Mt. Lowe and the trails.

A third grouping includes trips to Alpine Tavern and Inspiration Point,

No Place For Bossy; President Declines

WASHINGTON—A cow has been offered President Harding by a Libertyville, Ill., man, who in a letter said it was his hobby "to raise very good Jersey cows and to place them where they will be most appreciated."

Lack of a suitable home for a cow on the White House grounds may prevent the president from accepting.

shopping here, auto trip to Griffith Park, Santa Monica sights, Exposition park and museum, foothill auto trip, Riverside and Glenwood Inn, Mt. Rubidoux and Indian school, trip through orange belt and shopping or golf.

The fourth lot of suggestions takes in San Fernando Mission, Santa Ana sights, Redondo Beach fishing, aviation fields here, church or lectures, Glendale and Casa Verdugo Inn, Hollywood studios, San Diego and Coronado and a glimpse of Old Mexico.

Many Trips Are Outlined

These are only a few of the many trips suggested by Mr. McGinnis, who is probably more familiar with sightseeing possibilities here than any other person. For further diversion he suggests trips to Imperial Valley by stage from San Diego up through Indio and Palm Springs, to Pinecrest and Big Bear Valley, back to the harbor to visit the fleet, over to Catalina, out to Seelig Zoo, thence to the Ostrich Farm, polo and tea at Pasadena, then to Whittier, and back to the Speedway for auto races, up to Mt. Wilson, through the industrial section of this city, out to a rodeo, then to Santa Barbara, and many other points of interest.

Mr. McGinnis experiences no difficulty in making out a list of a full 100 attractions and there are even then many others which could profitably be added by tourists who cared to see all of southern California in a single visit.

CALL IS HEARD BY DESIRABLE FOLK, WHO ANSWER

FELICIA J. BUCHEN WRITES
NUMBER OF REASONS FOR
GLENDALE PROSPERITY

Felicia J. Buchen, 417 North Jackson, gives a number of very good reasons why Glendale is growing and is prosperous, as follows:

Do you wish to know why Glendale is prosperous?

Because its geographical location invites a nature loving people; its climate, birds and flowers call to the comfort and health seeking folk; the personnel of our business men and educational leaders make it a desirable place for a desirable people.

Our sister cities are proud to point their guests to Glendale and say: "This is a city of homes. Look at the splendid boulevards."

The business man is urged to a greater effort at the thought of home in a quiet little city, with the atmosphere unpoluted with factory smoke. He accomplishes more because he is contented, knowing that his family is in an environment of manly business men, splendid religious influence, with the advantage of the very best educational system. Also, well managed, clean places of amusement, and stores and markets that rank with the best in service and display are our pride.

For the boys and girls, there is an organization of Boy Scouts that is unequalled, and artists of ability to instruct in the fine arts that go to make up a well rounded education. The number and amount of building permits issued proves that Glendale is the home of the prosperous.

Banks Bulging With Savings; Set Record

NEW YORK—Savings bank deposits in the United States in 1920 eclipsed all records.

Statistics made public by the Savings Bank Association of New York State showed deposits in the 635 savings institutions on January 1 last totaled \$5,535,389,904, an increase of 9.38 per cent over 1919.

The twenty-one mutual savings banks in the middle western states reported an increase in deposits of \$10,851,938. In the Pacific coast states the increase was 6.99 per cent. California showed a gain of 6.07 per cent and Washington 12.48.

PEOPLE MAY DECIDE ISSUE

SACRAMENTO, March 15.—The Purkitt land bill, limiting agricultural land holdings to 1,000 acres and grazing land holdings to 2,000 acres may be brought before the people through the initiative, Senator Claude Purkitt, introducer of the bill, declared following the tabling of the measure by the senate judiciary committee.

The Highway Department of Michigan plans to build 1000 miles of good roads each year.

Glendale is the home of the prosperous. A few months ago it ranked very high—outclassing many cities of a larger population, and just recently it held ninth place among California cities in amount of permits issued. Our buildings are of artistic design, showing also thought for comfort and convenience.

We not only have well equipped hospitals, but a sanitarium that is well and favorably known throughout California.

Why should Glendale be otherwise than prosperous when the heads of the families enjoy living here and spending time, energy and money in improving their own corner, all of which reacts upon Glendale as a city?

O W I N G to the fast growing demand for our fine prize winning guaranteed Raw Milk we have just increased our Tuberculin Tested Herd with thirty fine Jersey and Guernsey Cows.

We are now in a position to supply a limited number of customers with this pure, wholesome milk, delivering it in the cool hours of the morning in time for breakfast.

Come up and let us show you our sanitary cement milking barns and clean bottling plant. Watch us milk these fine cows with milking machines, then cooled immediately to 40 degrees and bottled in porcelain enamel bottles and capped with outer protective cap, which protects the pouring lip of the bottle against any contamination.

Then you will readily see why this is the safest milk for your whole family and specially recommended by local doctors for babies and invalids.

We guarantee this milk to be at least 4.5 per cent butterfat and contain less than 25,000 bacteria.

A trial order will be convincing. Also Pasteurized Milk and Cream, Kay Lac Buttermilk.

RESIDENT HERE FOR INFLUX OF PEOPLE 14 YEARS TELLS EARLY HISTORY WHO BUY HOMES PRIME CAUSE

INTERESTING LETTER IS SENT
BY AMANDA FENTON; SEES
FUTURE PROSPERITY

Amanda Fenton, 1010 Orange Grove, a resident of Glendale for fourteen years, writes of the city then and now. Her letter was entered in the "Prosperity Week" contest. It follows:

I am a reader of The Glendale News and read with interest letters sent in about the growth of Glendale and would like to add a few lines. As I have lived in and near Glendale for twenty-four years when the post-office, grocery store, dry goods, hardware and everything were in one building at the corner of Glendale avenue and Third street. Then we paid 25 cents to talk to Los Angeles over the telephone from this store and the only transportation was by Salt Lake steam road.

Over fourteen years ago, as some will remember, I supplied the stores of Glendale with table grapes for a number of years. I have witnessed the wonderful growth, starting when Glendale was incorporated and the electric road coming in, also the paving of roads leading in to Glendale. Without these improvements Glendale would not have sprung up like a mushroom after a warm spring rain.

People are attracted here from far and near. Last week a man came to look at my house. He said he came from Riverside. He heard Glendale was such a fine place to live, and said he hoped to locate here.

Glendale not only attracts home-seekers, but business men and women as well, as we see each day new business buildings being erected or ground bought for same.

We have an ideal climate being between the ocean and the mountains.

Glendale is growing and will continue to grow. In a few years the contrast will be as fourteen years ago is to today.

And so we welcome strangers to our gates and may Glendale ever go down in history unblotted with fame is the wish of one among you.

TRIBUTE IS PAID TO MRS. MOSHIER

MEMORY OF BELOVED WOMAN
FITTINGLY HONORED BY
RELATIVES, FRIENDS

As one by one the sands are flowing, and one by one the moments pass, so, also, the souls of earth are passing from the lowliness of Time to the evergreen highlands of Eternity. March 11, after listening to three beautiful songs sweetly and tenderly sung by Gladys Blackwell, accompanied by Kathrine Giddings, and words of comfort and counsel, kindly spoken by Dr. Crist, pastor of the First Methodist Episcopal church, a devoted company of relatives and friends followed the mortal remains of Mrs. Myra K. Moshier to the beautiful Grand View cemetery in this city, there to await "the resurrection of the just."

Myra K. Allen, daughter of Hiram and Phoebe Allen, was born in Delaware county, Ohio, January 20, 1835; died March 9, 1921, aged 86 years, 1 month and 18 days, at the home of her daughter in Hollywood, Cal. She was the last of a family of five sons and three daughters. Her father was a Methodist minister who zealously labored to have all his household early learn to serve the Lord, and that early teaching was never forgotten or neglected.

In early womanhood she was married to Abiel Edson Kibbe. To them were born two children, Edson K. Kibbe of Leavenworth, Kan., and Mrs. T. C. Vickers of Hollywood, Cal. Her husband died in 1885 and she was later married to L. J. Moshier, a Civil war veteran, who died in 1919, and then removed with her daughter to a home in Hollywood. She leaves four grand-children, Mrs. Mildred Horner, Miss Myra Bell and Paul and Willis Vickers, also a niece, Mrs. R. D. Goss, and a nephew, Dr. A. L. Bryant of Glendale.

Her life was one of sweet devotion to the Divine Master. She tenderly loved her family and friends and was unselfish; loyal in time of war, and served as best she could at home while her husband was at the battle front. A truly "good mother in Israel" has gone to her reward, where a crown of glory awaits the saints of earth. Long and faithfully she labored in the Master's vineyard, drank deeply at the fountain of His love and is at rest in the home of many mansions.

H. J. VAIL,
Pasadena.

WHERE ANYTHING GOES
"No, I know nothing about music."
"All you have to do is to jangle the cow bell."
"But suppose I come in at the wrong place?"
"You can't do that in jazz."

O. J. DEMARS WRITES ABOUT
PROSPERITY WITH VERSES
BY MARY JACKSON

O. J. DeMars of Glendale Homes company gives a prime cause of prosperity in Glendale, elaborated with verses by Mary Jackson of 1239 South Glendale avenue, as follows:

The cause of Glendale's exceptional prosperity is naturally the influx of people buying or building their homes here. This brings business for the merchant which causes business blocks to be erected; which in turn causes shrewd and far-sighted investors to place their capital in income and vacant properties.

But we readily see that the home-seeker is the prime factor. The question arises: Why is Glendale the most favored spot of the earnest homeseeker? Briefly: First, climate; second, less fog and dampness; third, proximity and service to and from Los Angeles; fourth, the absence of the grind and turmoil of the large city; fifth, soil conditions; sixth, larger lots and building sites, hillside, canyon and hilltop locations, wooded and even with running brooks; seventh, cheap electricity and fuel, pure mountain water, clean wide streets, churches of all denominations, the best schools, clubs, libraries, the happy medium of social life, and last but not least, "beauty," so aptly depicted in Miss Jackson's little verses, as follows:

Glendale, the Jewel City,
The home of fruit and flowers;
It is like unto a ruby,
And yet as a golden bower.

It lies in a wonderful valley,
The best in the Golden State;
A background of the Sierras,
Your future home awaits.

Each new home is a jewel
Which glistens in the sun.
The mountains like a jewel case protecting
Brings brightness to every one.

By mountains this topaz is surrounded,
Except for a wooded hill.
From green to brown like an opal it changes,
And this garnet is more beautiful still.

Just far enough away
From all the grime and noise;
And if we go to and fro
The most scenic ride we enjoy.

The sky is of a turquoise blue,
The grass is emerald green;
Most every day is bright and clear,
And the gentle breeze most serene.

Just fifteen minutes by auto,
Just a little longer by rail.
The air is as pure as a lily,
And peace and quiet prevail.

CITY'S LOCATION IS ONE OF FEATURES THAT ATTRACTS

ALL WHO COME HERE WANT
TO STAY; THOSE DOING
SO WIN PROSPERITY

Anna Merriken, 429 Ivy street, a student at the local high school, writes as follows regarding Glendale's prosperity:

Glendale is located in the most beautiful and advantageous section of all Southern California, and I doubt very much if it can be surpassed in any section of the entire world. The view of the mountains, hills and valley is a marvel to those visiting our city, as also are our boulevards leading in all directions, some winding around picturesque hills, others out through the valley, and three leading directly into the eastern, central and western parts of Los Angeles.

Our trolley line from Los Angeles takes the shortest and most direct cut from the business center of that city. Our systems of water, lighting, gas, streets, class of houses and business blocks are second to none for any city of its size. The morality of our inhabitants seems to be far above the average. Glendale gets no knocks, but, on the other hand, everyone who visits our city is unconsciously a booster, by such remarks as, "It is a beautiful place," "It is an ideal place to live," "I will never be satisfied till I own a home there," etc.—consequently All who live here want to stay. And sympathies extend to those away. Those who come here prosper too. Just as all in Glendale do.

Last year advances of more than \$205,000,000 were made to the railroads from the \$300,000,000 revolving fund provided in the transportation act.

GUIDE IN STILLMAN DIVORCE DENIES EVERY CHARGE

FRENCH INDIAN ASSERTS THAT ALLEGATIONS OF HUSBAND WITHOUT FOUNDATION

(Continued From Page One)
"Her name shall never be bandied about."

He declared he would not cross the border again and that he would have nothing further to do with the case.

Boy Fires Only Shots
With regard to the reported raid on the Stillman lodge in Quebec province during which shots were fired, Beauvais said:

"The first I heard of that was when I read it in the newspapers. The only shots I ever heard around the place were those fired by young James Stillman, Jr., who did a lot of shooting at targets every day."

Beauvais spoke affectionately of young Stillman, who is 16 years old. He pointed affectionately to a picture of the millionaire banker's son which was on the mantel above the fireplace in the luxuriously furnished room.

Refuses to Discuss Child
Beauvais refused to discuss the child, Guy Stillman, in any way whatsoever.

I learned that Fred Beauvais and his brother, Arthur, had been interested in finding Isabel Armstrong, formerly a nurse in the Stillman household, who was wanted as a witness for Mrs. Stillman. Arthur said she was finally located at Pasadena, Cal., but that lawyers for Stillman had secured her consent to testify in his behalf and that she had returned east for that purpose. Arthur said he had just come back from New York, where he had consulted with Mrs. Stillman's attorneys.

Arthur also said he had never heard of any fight of any kind during his period of employment with the Stillmans and he ridiculed the report that a "quarrel" had taken place in which shots were exchanged at the Quebec place.

"I feel very indignant at being referred to as a half-breed," Fred Beauvais said.

"Our family is one of the oldest in Quebec."

Produces Documents

He hastened to produce documents to trace his line of ancestry.

"The statement which has been printed that I have recently been at Tarrytown is entirely false," Beauvais said.

"I formerly was manager of the Stillman properties at Quebec and Tarrytown, but the last time I was in Tarrytown was over a year ago."

"The police chief of Tarrytown is very much mistaken when he says I was seen there a short time ago. He described me as being a man over six feet tall and weighing more than 200 pounds. That is absurd, as you can see for yourself."

Beauvais stood up for my inspection. He did not look like a six-footer or a 200-pounder. He said his height was five feet ten inches and that he weighed 162.

He is an unusually good looking man of 27 years, clean cut, athletic, with a clear, slightly bronzed skin, indicating an outdoor life. He uses excellent English.

"The newspaper accounts describing me as a trapper are incorrect," he said. "I have taken out several hunting parties and I formerly worked for Abercrombie & Fitch, a New York sporting goods firm, but I never was a trapper."

Nothing to Do With Case

The brother, Arthur Beauvais, two years younger than Fred, said Fred would have nothing further to do with the case.

Both Fred and Arthur appeared to be plentifully supplied with money and they were well dressed.

Arthur appeared to be a very strong adherent of Mrs. Stillman and to be in touch with her lawyers. He also mentioned a Miss Klee, formerly secretary for Stillman, whom he said he had seen at the offices of Mrs. Stillman's attorneys in New York. Arthur said he owned five houses near the one in which I met Fred.

Fred laughed at being described as a "bronze statue" and an "Apollo Belvidere."

He was annoyed at having been found by a newspaper, he said, and was very much opposed to having his picture taken.

"I have never, to my knowledge, been photographed," he declared. "I don't think it would be well for anybody to try to photograph me without my consent."

CONGRATULATIONS

An Irishman made his way to a county jail and asked to be allowed to see the governor. On being ushered into that functionary's presence he begged the favor of an interview with the prisoner, who was to suffer the extreme penalty of the law in the morning.

"No, my man," said the governor, "you can not see the prisoner on the day of the execution. But what might be your business with him?"

"Sure, sor," answered Pat, "it's his birthday, and I was after wishing him many happy returns of the day."

Clara Smith Hamon Gives Her Version Of Fatal Shooting

ARDMORE, Okla., March 15.—Clara Smith Hamon took the stand today to protect her mother's name and save her life.

The pretty girl, garbed in a blue tailored suit and tailored hat, tipped to the stand.

She seemed to have full control of herself.

The girl charged with slaying Jake L. Hamon said:

"I have known Mr. Hamon many years."

"He paid my tuition at business college at Fort Worth and New Lexington."

"I became his stenographer and later his private secretary."

"Yes, and I have occupied adjoining rooms at the Randol hotel."

"I knew he was a married man, yes, sir, I did."

Shooting Is Described

November 21, when Hamon was shot, was described as follows by Clara:

"We had breakfast at 11. He went to his office. I went back to my room."

"He came back to the room in the afternoon. We had a very pleasant conversation. He rested for a while."

"I got in my car and started for a ride about six and rode for an hour."

"When I got back, Mr. Hamon was seated in front of the hotel."

"I went up to him."

"He yelled, 'Where in — have you been?'"

"I replied, 'Please don't make a scene; we'll go to the room.'"

"Again he grabbed me by the arm and shouted, 'You —, where have you been?'"

"I got up from the chair. I was afraid of Hamon."

Never Saw Look Before

"I saw a look in his face I never saw before."

"He was crazier and drunker than he had ever been before."

"I rushed up to my room."

"I rang for Bill, the porter."

"Mr. Hamon slipped in with Bill."

"I was afraid of Hamon. I wanted to hide from him for twenty-four hours."

"Then we could go to California as the sweet lovers we had always been before."

"Mr. Hamon again called me, 'You —'"

"He choked me—he kicked me—he threw me on the bed—then he jerked me off on the floor."

"I'll slit your throat"

"He kicked and kicked me again on the back."

"He pulled me up and threw me against the window."

"He twisted my arms, bent my fingers back."

"He shouted, 'I'll slit your throat.'"

"But he couldn't find it and was still cursing. He said:

"'You've been riding with some one.'"

"He saw a knife on my dresser and reached for it and said:

"'I would just as soon slit your throat.'"

"I knew the time was coming."

"I reached to the window sill and got my little gun."

"He backed up behind a chair."

"I passed him to get out of the room."

"I reached the door with the gun pointed."

"He dashed off the light. From light over the transom I saw him raise a chair."

"He hit me with the chair—the gun went off."

Re-enacts Tragedy Before Jury

Clara, undaunted, picked up the gun and stepped before the jury to re-enact the tragedy.

"I married Mr. Hamon, Jake Hamon's nephew, but it was a marriage of convenience. I never lived with him," she said in answer to McLean's question.

"I used the name Hamon when with Mr. Hamon. I sometimes went by name of Clara B. Smith."

"After Hamon was shot I said: 'Lie down on the bed and I'll call a doctor.'"

"He said he brought it on himself; that he would walk to the hospital."

Tears streamed down Clara's face.

"He said, 'I'll say it was an accident. I'll make the explanation.'"

"My waist was torn completely off of me during the fight."

Flood Control Work

Effective, Is Report

While some of the open valleys last night received refreshing showers, the storm seems over as far as Glendale is concerned. The rainfall, which was the heaviest in years for a similar period, brings this year's total above that of 1920.

According to J. W. Reagan of the Los Angeles flood control work their installations proved effective in yesterday's storm, the Devil's Gate dam across the Arroyo Seco catching up to 75 feet of water. In the Verdugo Wash here practically no stream was noticeable at the Brand boulevard crossing and yesterday boys were seen bicycling in its bed, which is pretty conclusive proof that the floods are being effectively controlled.

It is said negotiations are under way for operation of a transatlantic air service in 1922. The eastward trip would be from New York to London and the western trip from Lisbon to New York in order to follow the prevailing winds.

The natives of the West Indies have named the hurricane warning flag which is displayed by the weather bureau, "the devil's handkerchief." The hurricanes are named after saints of the church, and marriage dates, birth dates and death dates are reckoned from them.

CLARA HAMON CASE BREAKS IN RIOT AT ALLEGATION

CHARGES THAT FAMILY LIVED ON GIRL'S SHAME CAUSE OF BIG SENSATION

(Continued from Page One)

I can't help it at all; my remarks stand."

Judge Champion adjourned the court until 11 o'clock.

Many Tears Are Shed

Loud conversation again broke loose.

Mrs. Hamon returned to the court room.

Clara, with her mother and sister, were in an ante room.

Clara sobbed and sobbed. She placed her arms around her mother and said:

"They don't dare do it, mother, dear; they don't dare."

The mother and sister were crying aloud.

The judge finally rescinded his decision and allowed the curious to stay if they kept quiet.

Little Phyllis Walling, granddaughter of Clara's mother, Mrs. Smith, was on the witness stand when the uproar came.

Phyllis, dressed in a simpleingham frock, started to weep. She ran down to comfort her grandmother.

Several Persons Disarmed

"Bud" Ballew, deputy sheriff and other deputies disarmed several in the audience as they were pulling six shooters from holsters when the trouble broke.

"Bud" Ballew took a gun from the son of an attorney.

"Buck" Garrett, sheriff, stood next to the judge with his hands on his hip.

"Buck" was one of the few calm persons there.

S. L. Carter testified to refute testimony given for the state by W. D. Nichols, who swore that Hamon died accusing Clara of murder.

Carter quoted Nichols as saying shortly after Hamon's death:

"Hamon said it was an accident and Clara had nothing to do with it."

The defense expected to complete its testimony today with the accused woman telling her own story of the ten years she lived with the dead man.

**FOREIGN CONTROL
OVER INDUSTRIES**

AUSTRIAN CONCERNS, INCLUDING BANKS, BEING TAKEN BY OUTSIDE CAPITAL

By CARL D. GROAT

United Press Staff Correspondent

BERLIN—Austrian industry and banking is being foreignized. American, French, English, Swiss and other outside capital are taking large interest therein. This is true, to a lesser extent, of German industry.

In Austria, the process of foreignizing business takes three forms, according to Vienna advices, namely:

1—conversion of a foreign branch of a concern into the main office and leaving the Austrian offices as branches, the capital at the same time being converted into that of the main office; 2—allowing concern to remain Austrian, but with the majority of its stock held by outsiders; 3—infusion of foreign capital to increase the capital stock, but without giving the foreigner the controlling hand.

An instance of the first kind is that of the Laenderbank which has been converted into a French establishment.

Controlled by Italians

In the second category falls the Italian purchases in the Alpine iron concern. While the concern remains nominally Austrian—that is, it stays in the country—its stock is controlled by Italians. In this connection, it is interesting to note that the purchases thus made prevented the impending socialization of the concern.

As the third procedure, which has occurred in many instances, it may be cited that the Guaranty Trust company and another American concern made investments of 40,000,000 crowns in the Oesterreichische Kreditanstalt, one of the oldest banks of Austria, which found itself compelled to increase its capital extensively.

In Germany, one of the most notable cases of capital increase, in which foreign capital participated, is that of the German General Electric company. It is understood that the American General Electric was the outfit presenting the bulk of the new capital sought some months ago, but it was distinctly stipulated that the German corporation would remain German and avoid foreign control of the majority stock.

MONEY AND PLENTY IN LAND; PEOPLE ARE CONTENTED

SUCCESS BREEDS SUCCESS AND LIVE RESIDENTS ATTRACT OTHERS, SAYS WRITER

Here is a letter from Billy P. Kay, Chaffee apartments, Alhambra, received in The Evening News' "Prosperity Week" contest:

I am about to write on the subjects of Prosperity and Glendale, so naturally my first thought is that "Birds of a feather fly together."

When we speak of the progress of a town it is understood that we are speaking of the progress of a people who live within certain territory or boundaries because without the populace there would be no town.

Now the progress of the people of the dunes of Glen began when some wanderer chanced upon a tract of land that looked as though it needed but little improvement to turn it into the rest spot of the world for those travelers seeking the land of Prosperity. This wanderer settled on what is now known as Glendale. In time others followed him and agreed that the Real Haven in the foothills had been discovered. These people not only settled but sent for their relatives, friends and neighbors. They came and sent out word of the wonderful land of honey and plenty. And so it was, that Wonder town has been growing by the process of an endless chain of recommendations of satisfied citizens.

To think that progress would not be made in every line of endeavor would be to discount the thrift of the American people. A contented people is a happy people and a happy people is a prosperous people, for prosperity is nothing more or less than a result of a condition of the mind.

The big industries of the world have found the key-note of continued prosperity in contentment and what man is there who could stand on the corner of Brand and Broadway and view in every direction the progress of Glendale without a thrill of contentment? Because this progress is the untiring efforts of a whole people represented by its civic societies and a newspaper that echoes the voice of the citizens in thoughts of prosperity.

Prosperity is here now in its greatest degree because success breeds success. Live people are attracted by a live town, and Glendale will have reached its highest peak in prosperity only when the world ceases to be.

Even the wind blows about Glendale's prosperity so why should I not boost the same game?

OFFICER ASKS FOR STRICT ECONOMY

SECRETARY OF TREASURY, IN FIRST OFFICIAL REPORT, FAVORS BUDGET SYSTEM

WASHINGTON—Secretary Mellon of the treasury, in his first official statement, made public in the form of a letter to bankers, appealed to the people generally to stand for rigid economy in governmental expenditures and urged immediate establishment of a national budget system.

He discussed the nation's financial condition, declaring that the showing made in the last eight months had been particularly encouraging. There are, however, heavy drains to come on the treasury this month and next, he said, and these require more short-term certificates of indebtedness, announcement of which he made coincident with the letter.

Finances Are Sound, He Says

"The nation cannot afford extravagance," he asserted, "and so far as possible it must avoid entering new fields of expenditures. Figures on current operations of the government show that the country's finances are sound, but that the situation calls for utmost economy."

"The heavy requirements of the government on account of necessary expenditures, including interest and sinking fund on the public debt, and the maturity of \$7,500,000,000 in short-dated debt in two years, or thereabouts, make it imperative that the greatest care and economy be exercised in matters affecting government expenditures."

He expressed the belief that the first nine months of the fiscal year would show that the treasury had made ends meet, with a slight surplus to use against the great war debt. Payments on the war debt must be slow, he said, explaining that the heavy payments to the railroads would hamper previous plans to lower the debt.

Two cannon balls, relics of the Battle of Brandywine, were discovered by a farmer in Pennsylvania while digging post holes on his farm, on which a portion of the battle was fought. They were taken from a ridge which was held by troops of Lord Cornwallis, September 11, 1777.

JOSEPH FUREY GETS TWENTY YEARS IN TEXAS PRISON

FORMER GLENDAL RESIDENT PLEADS GUILTY TO CHARGE OF \$45,000 FRAUD

Twenty years in a Texas penitentiary is the sentence which was meted out to Joseph Furey, former Glendale resident, at Fort Worth, Tex., yesterday. He pleaded guilty to defrauding Frank Norfleet, a farmer detective, out of \$45,000 by a fake stock selling scheme after several of the most exciting chapters ever written in the history of bunco men.

Furey is the second man to be convicted for the crime and the third man sought in connection with the fraud committed suicide in a Washington, D. C., hotel. Furey was caught in Palm Beach, Fla., through the efforts of Malcolm McLaren of the "bunco squad" of the Los Angeles county district attorney's office. Mr. McLaren also is a resident of Glendale.

Walter Lips and W. J. Anderson, two Los Angeles county deputy sheriffs under John C. Cline's regime, are being held on bribe charges made by Furey, he having alleged in his testimony at Fort Worth that these two officers released him from custody on the partial payment of \$12,000, after they had arrested him in this city.

Notice of Sale of Street Railway Franchise

OFFICE OF THE CITY CLERK OF THE CITY OF GLENDAL, CALIFORNIA.

TO WHOM IT MAY CONCERN:

NOTICE IS HEREBY GIVEN, that an application has been made to the Board of Trustees of the City of Glendale for a certain franchise granting the right to construct, and for a period to terminate November 4th, 1963, to operate and maintain a street railway using electricity or other motive power except steam upon, across and along certain streets of said City of Glendale, together with certain appurtenant and incident rights hereinafter mentioned.

It is hereby proposed by said Board of Trustees of said City of Glendale to offer for sale, and to grant to the highest bidder, the said franchise upon the terms and conditions herein contained. The said franchise is described as follows, to-wit: a franchise to construct, and for a period to terminate November 4th, 1963, and as hereinafter provided, to maintain and operate, a street railway, using electricity or other motive power except steam, over, along and across those portions of the railway line as now constructed and operated by the Glendale & Mountrose Railway Company, a corporation, over and across the public streets in the City of Glendale, said line being generally described as follows, to-wit:

Commencing at the intersection of Brand Boulevard and Broadway; thence Easterly along Broadway to the intersection of Broadway and Glendale Avenue; thence Northerly along and across Glendale Avenue, Verdugo Road and Canada Boulevard; thence to, along and across Verdugo Canyon Road and Ocean View Boulevard to the Northerly city limits; and also commencing at the intersection of Glendale Avenue and Wilson Avenue; thence Easterly along Wilson Avenue, Eagle Rock Road and Broadway, to the Easterly city limits together with the right to construct curves, switches and spur tracks into private property; also connections at street intersections, and all other appliances, property, structures and attachments that may be necessary or proper, for the purpose of operating said road and engine, it to be as effective as the best railway operated by electricity or other motive power except steam; provided, however, that no spur track into private property shall be built within One Thousand (1000) feet of any spur track already constructed under said franchise, without first securing the proper consent of the Board of Trustees of the City of Glendale. That the terms and conditions upon which said franchise will be offered for sale, are the following:

That the railway to be constructed and operated under said franchise shall be used for the transportation of passengers, baggage, United States mail, express matter, and such other commodities as can be conveniently handled by an electric railway, provided that cars other than closed ones, of a neat and attractive design, shall only be conveyed over said road between the hours of nine o'clock P. M. of each day and six o'clock A. M. of the following day; except hauling such material as is used in the construction and reconstruction of such railways.

That said the grantee of said franchise and its assigns, shall use good material in the construction of said road, and said road shall be built in a good and workmanlike manner, and that said grantee and its assigns, shall, at its or their own cost, and expense, lay and re-lay, pave or macadamize the said road between the rails, between the tracks and for two (2) feet on each side thereof, with the same material used by the City, and under the same specifications and in the same manner as upon the streets over which said roads are respectively, and shall keep the same constantly so paved or macadamized and in repair flush with said streets, and provided with suitable crossings, and shall make the roadbed conform at all times to the established grade of said streets; provided, however, that where any of the above named streets have been graded or otherwise improved prior to the granting of said franchise, said road and rails shall conform to and be flush with the surface of said graded or otherwise improved street or streets, whether such surface be above or below the official grade of said street or streets, and on all other street or streets, the said roadbed and rails shall conform to such official grade as aforesaid.

In case the said grantee and its assigns, shall fail to comply with the instructions given for said repairs for ten days after service of notice thereof on the superintendent or manager of said grantee, then the Board of Trustees of the City of Glendale, may, with suitable assistance, enter upon said railway, or any portion thereof, and do the work, and furnish the proper material, and keep an itemized account of the cost thereof, which said grantee and its assigns, by the acceptance of this franchise, agrees to pay immediately after the completion of the City of Glendale upon the presentation of the account to the superintendent or manager of said railway.

Provided further, that cars shall be run over the road constructed under said franchise every day, unless prevented by the elements, riots, strikes or unavoidable causes; provided, also, that cars shall be run over and upon said road at intervals of not more than one (1) hour from seven o'clock A. M. until ten o'clock P. M. of each day, and as much often as may be necessary to properly accommodate all persons who apply for transportation over said road, except in times of extraordinary and unforeseen amounts of travel, and provided that the Board of Trustees may authorize a less number of trips if the amount of travel does not warrant the above number of trips, and provided further, that said grantee, and its assigns, shall have the right to excavate and remove portions of said streets necessary to properly construct said road, and to erect needful apparatus, boilers, engines and other appliances to properly equip and run said road; provided further, that the City of Glendale in granting said franchise, expressly reserves the right to pave, macadamize, renew or sewer any of said streets, or to lay gas, water or other pipes therein, said work to be done so as to injure said road as little as possible.

It is further provided that said grantee and its assigns, shall construct all necessary flumes and culverts for the free passage of water under the tracks of said Railway whenever and wherever necessary, and that all of such flumes and culverts shall be constructed in accordance with the plans and specifications approved by the City Engineer and whenever required by said City of Glendale.

That the said grantee and its assigns, shall and will, at all times upon and after the completion of said road, during the operation of the same, and without extra charge, issue and receive from passengers going in one direction, transfers good for one continuous passage over and upon any and every other line and lines or any other road or roads to any points within the said City, which said grantee and its assigns, does now or may hereafter own, control, operate or have a controlling interest in and provided, as a further condition, that said grantee and its assigns, shall and will at all times as aforesaid, issue or cause to be issued to said passengers without extra charge, a similar transfer from any and every line or lines which said grantee and its assigns, does now or may hereafter own, control, operate or have a controlling interest in, within said City of Glendale, as aforesaid, to, over and upon the road operated and maintained under said franchise within the city limits of the City of Glendale; and provided further, that such transfers shall be given and received as above provided over and upon all such roads within the city limits of the City of Glendale, whether operated under a franchise granted by said City, or over and upon private right of ways owned or occupied by said roads within the city limits of the City of Glendale.

That the rates of fare to be charged by the grantee shall not exceed the rates fixed by the Body, Board or Commission having authority to fix such rates.

The said grantee and its assigns, shall and will, as said cars, the City Marshal or Chief of Police and deputies, and all regular police officers and firemen of said city, when on duty, and letter carriers, subject at all times to the rules of the road.

That the said grantee and its assigns, shall, during the life of the said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of said grantee and its assigns, arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually, and said franchise is to be forfeited by a failure to make the payments provided for, and it shall be the duty of the grantee of said franchise, and its assigns, to file with the City Clerk of the City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement verified by the oath of the said grantee, or its assigns, or by the oath of the manager or presiding officer of said grantee, or its assigns, showing the total gross receipts and gross earnings collected or received by the said grantee, or its assigns, during the preceding twelve months, and within ten days after the date for filing said statement, it shall be the duty of said grantee, or its assigns, to pay to the City Treasurer of said City of Glendale, the aggregate sum of said percentage upon the gross annual receipts arising

from the use, operation or possession of said franchise.

That all poles used in the construction and operation of said electric road, shall be placed within the curb line of the streets herein designated as officially established by the Board of Trustees of the City of Glendale, and the outer edge of the poles shall in all cases be set as near the inner edge of the curb as practicable, when not otherwise directed by said Board of Trustees, and the wires suspended from said poles, shall not at any point be less than twenty-two (22) feet above the top of the rail. All poles shall be of tubular steel or of suitable wood, of a size and kind such as are ordinarily used for similar purposes in the State of California, and shall at all times be kept free from rust and painted in a uniform color; that wherever said railway is double tracked, then the tracks shall be placed thirteen (13) feet from the center line to center line, and in case of a single track shall be located as directed by the Board of Trustees of the City of Glendale.

That any neglect, failure or refusal to comply with any of the conditions of said franchise, after thirty days' notice given by the Board of Trustees of the City of Glendale, shall thereupon immediately, ipso facto, effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee, or its assigns, from further use of the streets of said City under said franchise, and said grantee or its assigns, shall thereupon and immediately, surrender all rights in and to the same, and the said franchise shall be deemed and shall remain null, void and of no effect.

NOTICE IS ALSO HEREBY GIVEN, that sealed bids in writing will be received for said franchise by the City Clerk of said City of Glendale up to eight o'clock P. M. of the 14th day of April, 1921. At the day and hour last mentioned, the City Clerk will, in open session, examine and publicly declare the same, and each bid shall be accompanied by a cash deposit of the amount of the bid, or a certified check for said amount, payable to the City Treasurer of the City of Glendale, certified to by some responsible Bank as a guarantee of good faith, by the bidder; provided, however, that if in the judgment of the Board of Trustees, no adequate or responsible bid has been made, the Board of Trustees may withdraw said franchise from sale, or advertise for new bids. That at the time for opening said bids, any responsible person, firm or corporation, present or represented, may bid for such franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and such bidding may thereafter continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor, who must before such award is made deposit with the clerk at least ten per cent of the amount of his bid. Upon the franchise being awarded, all deposits made by unsuccessful bidders shall be returned.

NOTICE IS ALSO HEREBY GIVEN, that the grantee of such franchise must, within five (5) days after the awarding of such franchise, file with the City Clerk of said City, a bond running to the said City, in the penal sum of One Thousand (\$1000.00) Dollars, with at least two good and sufficient sureties, or a bond in said amount furnished by a responsible surety company, to be approved by the Board of Trustees, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of the conditions of such bond, the whole amount of the penal sum therein named, shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon such bond. If such bond is not so filed, the award of said franchise shall be set aside, and in the discretion of said Board of Trustees, the said franchise may be re-advertised, and again offered for sale in the same manner and under the same restrictions as hereinabove provided, and the amount deposited by such bidder with his bid, shall be forfeited to the City as liquidated damages. The Board of Trustees hereby expressly reserves the right to reject any and all, or any all bids for said franchise.

J. C. SHERER, City Clerk.

THIS IS MILLER— He Is a Glendale Man— He's Not in the Insurance Trust

What's the Advantage of Board Insurance?

ABSOLUTELY NONE

The stability and ability to pay of every fire insurance company rests entirely upon its own financial resources. The board gives you no additional guarantees or protection in the event of loss, and each company stands alone, whether belonging to the board or not.

Before being admitted to California, every insurance company is required to furnish essential data to the insurance commissioner, and submit to a rigid examination of its assets and liabilities. Furthermore, they are in no instance allowed to issue policies in California until affidavits as to their sound financial condition have been made and checked by the commissioner of the state in which their charter was granted. It then becomes optional with them whether they affiliate with the board of fire underwriters or carry on their business independent of that organization.

What does it mean to you to know you are dealing with a firm of long standing and good business reputation, when you want to buy or sell real estate—when you want insurance—when you want to loan or borrow money?

If you insure with the Hole in the Wall insurance man, who is here today and gone tomorrow, when you wish to transfer your policy or cancel it, you will find yourself in difficulty. Policies of this character are called to our attention frequently.

And What Is More Is Not Going Into Any Kind of a Trust

You will notice advertisements most every day, "Insure with us, we have an old and tried BOARD company." That means in the trust. "We will make as low rates as anyone." And you go to them and get stung. You don't know it at the time but find it out later. Why do insurance companies go into a combine or trust to boost and get high rates? Now we handle eight first-class non-board, independent companies. If you have a loss with us you are dealing with only one independent company. Your loss is quickly adjusted and you get your loss at once. But if your loss is in a trust your company has nothing to say. You have to deal with the board or trust. Does it look reasonable that an adjustment would be made quickly?

FORMER PREMIER OF FRANCE TO SEEK VIEWS OF U. S.

COMES TO SOUND OUT HARDING
ON CANCELLING OF DEBT
AND MODIFIED LEAGUE

By RALPH H. TURNER
United Press Staff Correspondent
WASHINGTON, March 15. — The coming to America of Rene Viviani, former French premier, has two main objects, it was stated in semi-official advices received in Washington. France desires:

1.—To sound out the Harding administration on the question of French indebtedness to the United States and determine whether there is any possibility of the French debt being canceled.

2.—To draw the United States into European affairs by a "modified" league of nations, or by any other agreement which meets the approval of this government.

A considerable section of French opinion, it is indicated here, believes the United States eventually will forgive the allied debt, or at least part of it. France, which has received cash from this country to the extent of three billion dollars, is eager to learn Harding's loan policy at the earliest possible date.

The French desire to obtain cancellation of the American loans has been stimulated, it is learned, by the realization that allied invasion of Germany and the exaction of penalties is doomed to failure as a means of collecting the German reparations.

Linked with the reparations and loan situation is the French opinion, stronger today than ever before, that some form of American co-operation is necessary to the success of French policy in Central Europe. In order to gain this support, according to advices reaching Washington Viviani is ready to concede as much modification of the league as the Harding administration may demand. France believes, according to the opinion here, that with American backing, she will meet greater success in collecting from Germany.

Personal Contact Proposed

Officials here pointed out today that recently there had been several distinct efforts, emanating from Europe, to persuade the United States to take a hand in European politics.

Legion Posts To Aid Draft Evader Roundup

INDIANAPOLIS — National officers of the American Legion have taken steps to protect men who may be wrongfully classed as draft evaders in the list to be issued soon by the war department and to make certain that none guilty of evading military service escape. All posts were notified they should aid in establishing the correctness of the lists.

Bulletins were sent all legion posts and units of the Women's Auxiliary directing them to assist the department of justice in establishing the correctness of the lists. The message said:

"Despite the war department's efforts, men who performed their duties well may be branded as cowards and slackers in the lists issued. Posts are instructed to scan the lists before their publication and if possible make sure no ex-service man's reputation will be sullied by error. On the other hand, lend every possible assistance to authorities that no draft dodgers or slackers follow in the steps of Bergdoll. We want all men guilty of evasion of military duty behind the bars twenty-four hours after their names are announced."

Jazz In Early Hours Nuisance, Says Court

NEW YORK — Edward Fuchs of Brooklyn was convicted in special sessions of maintaining a public nuisance while manager of a dance hall, between February and October, 1920. Neighbors complained that a jazz band played until after 1 a. m. Sundays. Sentence was suspended with the warning to "soft pedal the music."

FAVORITES WITH THESE THUGS

HAMILTON, Ont. — Does the name of Brown have a pole-star attraction for criminals? Three Browns of this city think it has. Within a period of five hours and an area of four blocks three citizens by the name of Brown, who all live virtually in the same neighborhood, were victims of thugs last night.

Viviani's role is seen as an effort to supply the personal contact necessary to such a development.

In feeling out the United States on the loan question, Viviani is said to couple this issue with imminent tariff legislation in this country. He will point out, it is understood, that the erection of tariff barriers by the United States will restrict the importation of French goods and make it increasingly difficult for France to pay her indebtedness.

ENGLAND WILL SEND SPECIAL MISSION TO AMERICA

OFFICIALS WILL CONFER ON
OUTSTANDING QUESTIONS
WITH ADMINISTRATION

By RALPH H. TURNER
United Press Staff Correspondent
WASHINGTON, March 15. — The British government has begun the organization of a special mission, which it proposes to send to the United States within the next month, according to advices received here today in official quarters. The mission will formally convey its congratulations and wishes of success to the new administration and then proceed to the discussion of numerous outstanding questions between the government and Britain.

Among the subjects to be discussed, it was understood today, are an association of nations, disarmament, German reparations, and Britain's indebtedness to the United States.

Three Leading Figures

The first advices concerning the British mission indicate that it will be headed by three leading figures, a statesman chosen from the highest ranks of Britain's public men, a high military officer and a representative naval leader. Aides and secretaries will complete the mission.

The personnel of the delegation, it is learned, is being chosen with the utmost care, with the view of eliminating any figure which might arouse hostility among the strongly pro-Irish element in this country. The British government is desirous, first of all, to avoid any embarrassment incident to the Irish question.

So far as can be learned here the civilian head of the commission has not been determined, although H. H. Asquith, former premier, and Winston Churchill have been mentioned for the post.

The information reaching Washington indicates that formal announcement of the mission will not be made in London for another week or ten days.

Like French Government

The British decision to send a mission to the United States is in line with the action of the French government in appointing Rene Viviani, former premier, to discuss foreign affairs with the Harding administration and may have been prompted by

Request Congress To Change Liquor Rules

SACRAMENTO, March 15. — The assembly federal relations committee last night passed out two joint resolutions asking congress to change the percentage of alcoholic content which makes liquor intoxicating.

The first resolution passed out favorably by the committee was No. 5 by Assemblyman Jack Badaracco of San Francisco.

Badaracco's resolution asks congress to define the alcoholic percentage of beer at 4 1/2 per cent and wine at 15 per cent. Badaracco calls attention in his resolution that light wines with limited alcoholic content "are only intoxicating when used in excess."

The second "wet" resolution passed favorably by the committee was No. 22, introduced by Assemblyman Hornblower of San Francisco.

Hornblower's resolution asks "modification of the present law regulating the alcoholic content of intoxicating liquors to the end that the people of the state of California may enjoy light wines and beers in accordance with the expressed desire as evidenced by the vote of the people."

Mother Has Daughter Arrested For Forgery

NEW YORK — Charged with forgery, Mrs. Adeline Alexander, 24 years old, was locked up in the West Forty-seventh street station on complaint of her mother, Mrs. Anna Marshall. The young woman was arrested by Detective Joseph Cooney when she presented for payment a \$25 check at the Pacific bank.

According to the police, Mrs. Marshall's name had been forged to the checks. Since December last, the police say, Mrs. Marshall has lost \$500 by means of forged checks.

The threatened extermination of the elk herd in the Yellowstone park is alarming the officials in charge. On the ranges where ordinarily thousands of these animals could be seen, only a very few have been observed this winter.

the French move. According to the interpretation here, it is part of an effort to gain America's co-operation in European affairs and is welcomed by this government because of the opportunity it affords the United States to define its position after discussion with the foreign delegates.

The administration's policy on the foreign situation, it is believed, may depend largely upon the results which attend the coming of the British and French missions.
